

LLANARMON COMMUNITY COUNCIL REPORT MAY 2026.

PLANNING ISSUES.

Burley Hill Garage Application will be before the Planning Committee in June. I have requested a site meeting prior to that and would appreciate a representative from the CC attending.

A Planning Breaches update meeting was held on 28th April. Recruitment has started for an additional Enforcement Officer and a dedicated Legal Officer. Enforcement Notices have been issued to two properties locally. Legal action is to follow.

The Engine House application has been approved and is now subject to listed building approval.

POTHoles.

At the Council meeting on 12th May, I will be asking questions as to why inspection reports have been falsified. I am meeting with the head of Highways and head of service on Friday 8th May.

THE SUN INN.

It is good news that the Sun Inn is being run by the Community and is being well supported.

If there are any issues that are of concern, please get in touch. 07795 659777.
